Built for Your Medical Affairs Enterprise

MAPVIEW™

Gain insight into therapeutic- and disease-area landscapes using real-world patient data. View patient, HCP, and HCO dynamics in real time. Fully comprehend the patient journey, HCP behaviors, and clinical outcomes.

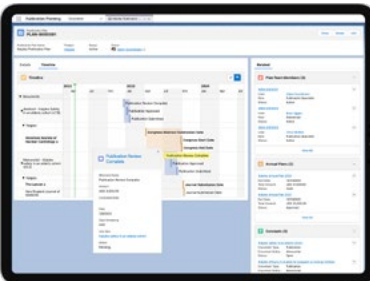

APERTURE

Leverage clinical data for accurate HCP/HCO identification and segmentation (e.g., academic vs. community care setting, digital-specific influencers). Refine HCP engagement planning using scientific, industry, and social data.

MEDICAL INFORMATION CLOUD

Ensure timely, compliant, and trackable clinical interactions through omnichannel clinical, field, and consumer engagement. Now with Aperture integration for the ultimate KOL profiling, interaction, and monitoring solution.

PUBLICATIONS PLANNING

Accelerate your publication strategy from acceptance to distribution with the first automated publications management tool that brings every aspect of your Medical Affairs publications together in a single customizable software solution.

ABOUT KOMODO HEALTH

Komodo Health is a technology platform company creating the new standard for real-world data and analytics. We pair the industry's most complete view of patient encounters with enterprise software and machine learning to connect the dots between individual patient journeys and large-scale health outcomes. Across Life Sciences, payers, providers, and developers, we help our customers unearth patient-centric insights at scale — marrying clinical data with advanced algorithms and AI-powered software solutions to inform decision-making, close gaps in care, address disease burden, and help the enterprise create a more cost-effective, value-driven healthcare system.
