

KOMODO MAPEXPLORER

Your First Step to Uncovering Possibilities

Start With MapExplorer™:
A Competitive Edge in
Identifying the Next Best
Opportunity

Obtaining market insights at a glance is made easier, faster, and more accessible with Komodo MapExplorer. MapExplorer allows customers to generate high-level patient, HCP, HCO, and payer insights for any therapeutic patient population through a no-code workflow. Additionally, users can utilize MapAI™ with natural language prompts to obtain even faster and directional insights for their business or research. These functionalities are powered by Komodo's Healthcare Map™, offering the most comprehensive, representative, and high-quality view of patients on the market.

Visit komodohealth.com/mapexplorer to find out more.

IDENTIFY GAPS AND FIND HIDDEN OPPORTUNITIES WITH NEW INSIGHTS

Identifying opportunistic markets for game-changing strategies can take time. MapExplorer provides unprecedented visibility into the breadth of the U.S. healthcare system in a few clicks. Customers can leverage real-world data to validate assumptions for market landscape, strategy development, forecasting, and more, with the ability to drill down into precise patient populations.

MapExplorer is the first step into a deeper understanding of your key markets, allowing you to:

Gain high-level and real-time insights about your cohort in seconds to minutes with Preview Counts and our prebuilt dashboard

Explore multiple therapeutic areas and drill down into highly custom patient populations via our Flexible Definitions Builder to understand and prioritize your opportunities

Get hands-on experience by familiarizing yourself with the breadth, depth, and quality of Komodo's Healthcare Map and software before entering into a larger contract

Leverage MapAI, our conversational plain language assistant that works for any user, regardless of expertise

ABOUT KOMODO HEALTH

Komodo Health is a technology platform company creating the new standard for real-world data and analytics. We pair the industry's most complete view of patient encounters with enterprise software and machine learning to connect the dots between individual patient journeys and large-scale health outcomes. Across Life Sciences, payers, providers, and developers, we help our customers unearth patient-centric insights at scale — marrying clinical data with advanced algorithms and AI-powered software solutions to inform decision-making, close gaps in care, address disease burden, and help enterprises create a more cost-effective, value-driven healthcare system. For more information, visit [Komodohealth.com](https://www.komodohealth.com).
